PROFILE

MICHAEL LIU

*Director of Chinese Community
Initiatives
Flushing Town Hall*

Even schools from out of New York have bused their students, for years, to enjoy Flushing Town Hall's extraordinary workshops, such as traditional dance and Chinese calligraphy art.

I am very grateful that the Cultural Plan team picked Flushing Town Hall as the site to host a conversation to engage the Chinese-speaking constituents.

Surrounded by a growing Chinese population in our immediate community, **we understand the need of actively reaching out to the Mandarin-speaking audience members, artists, entrepreneurs, and community leaders.** We not only aim to bring things that inspire them, but also want to be inspired by them.

With more sessions like this, I fully expect to see the community members of all backgrounds bond more closely and deeply.
